In peace or battle honour'd,
And this we count as gain,
To hand on to our children
A banner without stain.

O God of all creation,
Grant this our one request,
Help us to build a nation
Where no man is oppressed,
And so with peace and plenty
Nigeria may be blessed.

Introducing Longrich Canada (CA1003), a franchise of Longrich Bioscience International, founded in 1986 in China. Longrich transformed from a top cosmetics producer into a prominent Global Health & Beauty company, having other businesses such as Real Estate, E-Commerce, Tourism, Finance/Banking, Logistics, and more, with direct sales making up 5% of our operations.

Longrich is globally known for high-quality and innovative products with over 2,000 items worldwide, including

more than 30 in Canada. Our product categories include Skin Care, Personal, Beauty, Energy, Health, and Supplements for both genders.

We have eight research and development centers in the USA, France, Japan, and China, committed to enhancing health and beauty globally. You will love Longrich products if you like the top brands that Longrich manufactures products for under a business agreement - Estee Lauder, Elizabeth Arden, The Body Shop, GSK, Walmart, Marks and Spencer, and others.

Our products target health issues faced by professionals, particularly those caused by prolonged sitting and extensive screen use. Issues such as digital fatigue lead to headaches, reduced concentration, and sleep disruptions, affect overall health. While our supplements address various conditions, including stress, infertility, libido, high blood pressure, cholesterol, brain fatigue, and more,

they are designed to complement, not replace medications.

Solutions to many chronic health conditions can be sorted with just a few of our Longrich products. For example, incorporating the Longrich Pi Cup and Cordyceps Militaris Capsules into your daily routine is a strategic move towards enhancing your immune health. They will remove toxins from your body caused by daily exposure to pathogens. Our Bamboo Charcoal Soap and our anti-aging creams will solve any chronic skin conditions you may have, including psoriasis, eczema, acne/pimples, and more.

We encourage you to invest in your health and embrace a better lifestyle with Longrich.

SCAGO

Sickle Cell Awareness Group of Ontario

HAVE YOU BEEN TESTED FOR SICKLE CELL ?

Sickle Cell Disease (SCD) is a hereditary genetic blood disease caused by an abnormal form of hemoglobin, the molecule in red blood cells that helps carry oxygen. It can cause a lot of health issues, resulting in pain crises, and even organ damage. In Ontario, around **150,000** people carry the Sickle Cell Trait (SCT), most of whom are unaware they carry the gene until they have a child born with SCD.

Although the SCT is asymptomatic, meaning it usually doesn't cause symptoms, it's important to know your status to manage your health better and make informed family planning choices. For example, if both parents have the SCT, their child has a **25%** chance of inheriting SCD. Additionally, knowing your SCT status can help you and your doctor take steps to prevent potential health issues related to overexertion and dehydration, particularly if you're an athlete. You can find out if you have SCT with a simple blood test called **hemoglobin electrophoresis**, available for free through your family doctor in Canada.

Take control of your health outcomes and reach out to your primary healthcare provider.

For SCD resources, scan this QR code, visit our website or email us.
